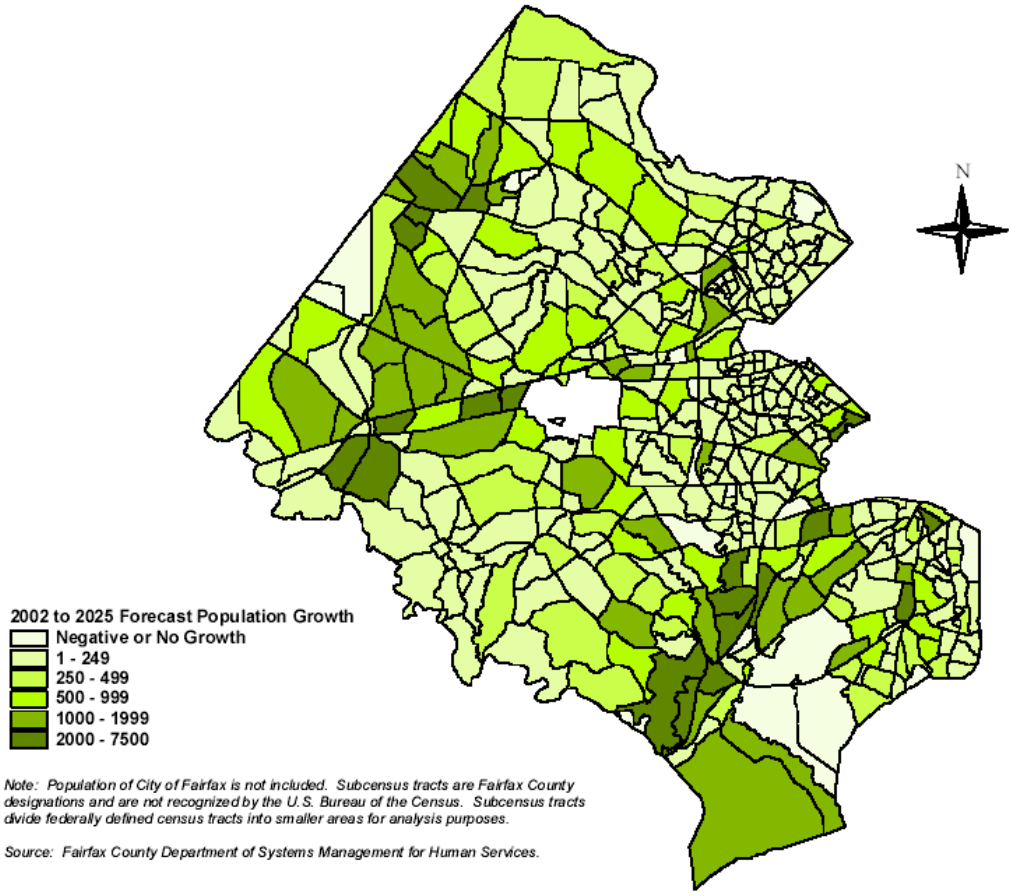
Appendix A Population Forecasts by Sub-census Plot

The county projects population growth to be greatest in the current less-developed areas, as the trend of county urbanization continues.

Figure A-1 shows the forecasted population growth in Fairfax County by sub-census plot.

Figure A-1. Fairfax County Forecast Population Growth, 2002–2025



Note: Population of City of Fairfax is not included. Subcensus tracts are Fairfax County designations and are not recognized by the U.S. Bureau of the Census. Subcensus tracts divide federally defined census tracts into smaller areas for analysis purposes.
