CLASS DESCRIPTIONS

Barre

Barre class is a workout technique inspired by elements of ballet, yoga, and Pilates. It focuses on low-impact, high-intensity movements designed to strengthen your body in ways that few other workouts can.

Beach Ball Wallyball

Add extra fun to your fitness routine. Played in a racquetball court with a beach ball, wallyball adds some extra cardio, balance practice and flexibility to your routine. (Ages 45+)

Doonya: The Bollywood Workout

Sweat to the powerful drumbeats of South Asia. Doonya's exotic, energetic dance steps target each major muscle group through innovative choreography and body-weight and weighted movements. End with stretches and a reflection on the strength and power you channeled in class. You'll leave class ready to take on life's obstacles with grace and power...just a like a Bollywood Star.

Gentle Yoga

Gentle stretches, yoga postures and breathing techniques increase flexibility and strength for those desiring a slower pace.

Healthy Strides Walking

(Weather Permitting)

Add dimension to your fitness routine as you refresh and connect with nature. Learn the paths, enjoy the outdoors, and get in some exercise. Contact the rec center in case of inclement weather.

Les Mills Core™

Inspired by elite athletic training principles, LES MILLS CORE™ is a scientific core workout for incredible core tone and sports performance. You build strength, stability and endurance in the muscles that support your core, improve balance, assist injury prevention, and become better at everything you do.

Mix It Up

Instructor's choice! This full body conditioning workout usually includes a cardio warm-up, muscular strengthening,

endurance, joint integrity, total body toning, and stretches. Class may use dumbbells, bands, balls, and other equipment. All levels are welcome.

Pure Stretch

Work on flexibility—a much-needed and often overlooked component of overall fitness-- in a class which focuses on stretching every major muscle group for stress and pain reduction, as well as injury prevention.

Pound

Instead of listening to music, you become the music in this exhilarating full-body workout that combines cardio, conditioning, and strength training with yoga and Pilates-inspired movements.

Sculpt & Balance

Enjoy a weight training class at a lower intensity that is appropriate for all ages. Learn to safely use strength training equipment—even your own bodyweight—in fun, innovative ways. The benefits of functional strength are many, including greater bone density, improved coordination, better balance, and increased lean muscle mass.

TRX Fit † (7)

Find out what suspension training is all about in this class that leverages gravity and your own bodyweight to perform endless combinations of exercises. The TRX suspension trainer builds a solid core, increases muscular endurance, and delivers greater performance and functionality to all daily life activities. Proper set-up, exercise execution, and modifications will be taught.

Water Walking

This class is designed to improve your whole body's muscle tone and aerobic fitness. Ideal for those who want the effects of walking without adding stress to muscles and joints.

Yoga

Yoga does more than burn calories and tone muscles. It's a total mind-body workout that combines strengthening and stretching poses with deep breathing and meditation or relaxation. Vinyasa yoga will gently wake you up and invigorate

your day. Multiple options for each pose invite you to develop both strength and ease. The class is tailored to meet the needs of its students, with a consistent focus on alignment and mindfulness. Please bring a sticky yoga mat to class.

Yoga/Pilates

This class offers the best of both yoga and Pilates. Strengthen the hips and core to counter the modern sedentary lifestyle and warm up and cool down with yoga postures for relaxation and a sense of ease. Basic yoga postures combined with mat Pilates moves gives you the best of both practices.

Zumba

Exercise your body and energize your soul in this exciting aerobics class format. Tone up as you groove to energetic Latin music, rhythms, and dance moves.

MAY WELLNESS WORKSHOPS

Laughter Yoga

This class will provide a healthful and satisfying dose of "nature's best medicine." Based on the research-backed principles, it involves no verbal jokes and no yoga poses, just positive, playful, even zany activities to get us "laughing for no reason". Deep breathing and gentle movement are also included to further boost our well-being. Laughter brings proven benefits for our heart, lungs, brain and even our immune system.

Simple At-Home Pelvic Floor Training

The often-neglected pelvic floor is a set of muscles that forms the base of our core and is key to our quality of life. Our modern sedentary lifestyle, among other factors, weakens these muscles. The good news is that with simple 5-minute daily exercises we can improve our pelvic health and even turn around symptoms we may be having. You'll learn seated, standing and lying-down variations in this workshop.

✦ *Indicates class is in danger of cancellation due to low attendance.*

† Limited to equipment availability.

FAIRFAX COUNTY PARK AUTHORITY

REC CENTERS

Updated 4/11/2024

Class Descriptions

Basic Training - Learn to strength train in fun, innovative ways. Benefits of functional strength: greater bone density, improved coordination, better balance, and increased lean muscle mass. **Older Adults** format focuses on the same goals but at a lower intensity.

Mix It Up - It's the Instructor's choice for a fun and challenging total body workout. This class may include everything from muscle toning to aerobics.

Mix It Up (Mat) - Looking for a safe and effective way to improve flexibility, endurance, and muscle tone? Mat fusion encompasses the Eastern philosophy of yoga, the holistic approach of Pilates and the application of floor-based exercise techniques.

Pilates – This mat workout is designed to teach fundamental concepts basic movements, breathing, and modifications of the original Pilates method.

Pure Stretch - Work on your flexibility – a much needed and often overlooked component of overall fitness - in a class which focuses on stretching every major muscle group for stress and pain reduction, as well as injury prevention.

Restorative Yoga - A restful practice that holds yoga poses (asanas) for a longer duration using props like yoga blocks, blankets and bolsters. It is a practice of deep relaxation that emphasizes the meditative aspect of yoga—the union of body and mind.

Strength Mix - Join the strength and cardio-based, total-body conditioning class. We change it up to give you the maximum amount of fun, with lots of variety to give you the maximum results. All fitness levels are welcome.

Tai Chi - Ever wonder what that “Tai Chi” stuff is? Did you know it can help your posture, calmness, and overall body sense? Did you know it can build strength? Come and try it out.

Yoga - Gain greater strength and flexibility as you learn basic yoga postures and different breathing techniques. All levels welcome.

All classes are beginner level. All ages and abilities welcomed – our instructors will provide modifications for all levels in these classes. If you have a particular concern, feel free to chat with the instructor at the beginning of class.

+ **Hybrid class** Indicated on the Live Virtual Class Schedule, this class is broadcast live from a Rec Center and can be also taken in-person at the facility with membership or daily admission. See the Rec Center group fitness drop-in schedules for more information: www.fairfaxcounty.gov/parks/recenter/schedules.
