

April 2019

Spring is in the air! What a perfect time to get outside to enjoy the many **parks and trails in our community**, join a **river or stream clean up**, or just soak in some extra vitamin D from the sun.

Many of you know that we have an **extensive parks system** in Fairfax County. But did you know about **Trail Buddy**? [The Fairfax County Trail Buddy](#) is a **web-based mapping tool** that allows you to discover the **extensive network (over 900 miles)** of the County's **park trails**. Clicking on a trail feature will **display information** about that segment, including width and surface material. Fairfax Trail Buddy also provides access to the [Bike Fairfax Interactive Bike Map](#), which highlights the **most desirable on-road and off-road bike routes** for recreational and commuter bicyclists. The web map is accessible from all types of devices and operating systems.

Another great way to enjoy a **walk in the park** is by **joining a watershed cleanup** to get the trash and litter out of our streams and shorelines! The **31st annual Potomac Watershed Cleanup**, sponsored by the Alice Ferguson Foundation, will be held **April 13**. Several sites in our District will host cleanups that day, including **Dyke Marsh, Little Hunting Creek, First River Farms, Mason Neck and Pohick Bay**. If you cannot make the 13th, there are several other opportunities throughout the month. You can join the [Mason Neck State Park clean up](#) on **April 20**, the **Mount Vernon/Lee Chamber of Commerce's Spring Clean Jeff Todd Way** on **April 27** or **Senator Scott Surovell's Little Hunting Creek clean up** on **May 11**. [Visit](#) to find a cleanup near you.

Spring also seems a fitting time for the **Board to take decisive action** to improve our environment. At Tuesday's **Environmental Committee meeting**, I was joined by my fellow Board members to move forward with a plan to develop a **Community Energy and Climate Action Plan (CECAP)** in the coming year. I am pleased that the Board is showing leadership and an appetite to **advance climate change and resiliency efforts** at a pace not often seen in County government. This is critical and urgent if we are to **decrease greenhouse gas emissions** and **mitigate the effects climate change** is already having on our communities.

On **Sunday, April 7** we will recognize **two Mount Vernon residents** for their commitment and service to our community. **Cathy Ledec** has been selected **2018 Citizen of the Year** for her many and varied volunteer efforts on behalf of Fairfax County Parks and our environment. **John Ribble** will receive a **Special Gratitude Award** for his many and diverse land use efforts and community activities in the Mount Vernon area, and countywide with the Fairfax County Board of Zoning Appeals. [Read more](#) about the Fairfax Federation event, and the nominations of Cathy and John. **Congratulations to these two outstanding Mount Vernon citizens!**

As always, it is my pleasure to serve as your Mount Vernon District Supervisor and **I look forward to seeing you out and about** in the parks and on the trails this spring!

Respectfully yours in public service,

Teen Job Fairs

Join us for the **2019 Fairfax County Teen Job Fairs and Resume Building Workshops** at **South County and Mount Vernon HS, Saturdays April 6 and 27, respectively, from 10 a.m. - noon.** First jobs are important and these events help **connect teens and employers** face to face and **prepare our youth** for the workforce.

These events will focus on **student job seekers** (approximately ages 16 to 18) looking for full time employment, after-school employment, seasonal positions, internship opportunities, or volunteer experiences. It is open to **all teens in Fairfax County** looking for employment or wanting **tips to build their resume**. Volunteer opportunities and resume building workshops will be available for younger students looking to begin to build their resume. We ask that students [click here](#) to register.

Businesses and organizations have the opportunity to showcase their companies, brand their business in the local community, and **advertise the positions they have available**. It does not cost to participate. Businesses and organizations seeking to secure space at the job fair should [click here](#) to fill out the application form.

Strategic Plan Community Feedback Leads to County Priority Areas

After several months of **community engagement and outreach** that yielded more than **200,000 unique ideas**, County Executive Bryan Hill and his strategic planning team **presented results and recommendations** to the Board of Supervisors and School Board. **More than 1,000 people participated** in meetings and focus groups, while nearly **15,000 people took an online survey** to share their visions for the future of Fairfax County. This strategic planning process **will set a clear, unified, community-driven vision** for the next 10-20 years that aligns and integrates existing plans. The community feedback pointed to **nine key areas** that will now form the basis of the county's strategic plan. [Read more...](#)

Summer Metrorail Closures

Metro announces travel options, customer website for Blue/Yellow line customers affected by summer platform reconstruction work

Starting **Saturday, May 25**, the **six Blue and Yellow line stations south of Ronald Reagan Washington National Airport** will be **closed for full platform reconstruction** and major station improvements.

In collaboration with regional officials and transportation agencies, Metro has released **travel alternatives** and a **detailed project website** - wmata.com/platforms - to help customers begin planning for this summer's closure. To expedite construction and minimize customer inconvenience, the six stations-Braddock Road, King Street, Eisenhower Ave, **Huntington**, Van Dorn Street, and Franconia-Springfield-will be closed from **Saturday, May 25 to Monday, September 2, 2019**, to allow for around-the-clock work. Metro plans to have an **extensive network of free express and local shuttle bus services** to help customers get around the region during construction. [Read more...](#)

County Addresses Affordable Housing Concerns Amid Amazon's Imminent HQ2

On March 5, the County Board of Supervisors announced

the **completion of work** by two affordable housing advisory groups, the **Affordable Housing Resources Panel (AHRP)** and the **Embark Housing Advisory Group**. The recommendations of these groups are helping to **aggressively and deliberately drive** the County's affordable housing agenda. This is by far the **most comprehensive effort** the County has undertaken to date. These **recommendations speak to the entirety of housing needs** – those with disabilities, seniors and those most vulnerable - in our community. [Read more on Covering the Corridor...](#)

Community Champions

The Mount Vernon District Police Station is losing **two long-time officers** who have been **engaged for many years in the Mount Vernon community**. The reflections below are from Station Assistant Commander Lieutenant Camille Stewart.

Master Police Officer Kevin Webb (top left) has patrolled the District his whole career. Joining the Department in July of 1986, MPO Web is doing what he has always wanted to do, **follow in his father's footsteps**. His goal was to beat his Dad's years of service and train 20 "Rookies". He **accomplished both goals**, but sadly, his father passed away before he could see him retire. During his time at the station, MPO Webb has **trained 42 officers - almost half the station!** Affectionately known as "Spud", MPO Webb sends all the officers on his squad a "Thought of the Day". It's a **random, mostly funny thought**

that pops into his mind when he goes on a particular call. I will personally miss those! He is also a **wonderful poet**, reading heartfelt poems for retiring officers which always bring everyone to tears. MPO Webb will be **retiring on May 13, 2019**, and while I'm so sad to see him leave, I'm very happy to **celebrate his wonderful career**.

Master Police Officer Robert Urps (top right) has also spent his entire career, **26 years**, at the Mount Vernon District Station. In fact, **Spud trained MPO Urps in 1993!** MPO Urps grew up in the area and also has a well known nickname. I'm almost certain most people don't even know his real name, but if you go out into the community, **everyone you meet knows "Bubba"!** Bubba and Spud made quite the pair back in 1993 (center). MPO Urps worked his way up through the ranks, working as an **SRO at West Potomac HS**, and becoming a **detective in the Criminal Investigations Section**. He then went on to be **Mount Vernon's Crime Prevention Officer**. Now, as he enters the final stages of his career, MPS Urps has accepted a position closer to his home as the **Crime Prevention Officer for the West Springfield Station**.

These two officers are fixtures at the station and are **always training or getting involved with the officers and community**. We will miss them both!

Franconia Police Station in the Community

On February 6, 2019, during the recent session of the **Virginia General Assembly**, Delegate Mark Sickles; Senators George Barker, Adam Ebbin, and Scott Surovell presented House Joint Resolution NO. 827 **commending MPO Allie Eggers** for her **dedicated service** to the Franconia District and to Fairfax County. On March 20, 2019, at our Franconia CAC meeting (top left), **Delegate Sickles and Senator Ebbin presented MPO Eggers** with the commendation and a copy of the Resolution.

Important Safety Messages

Spring into Safety! Sink It or Soak It!

Fairfax County Fire & Rescue is promoting its **"Spring Into Safety" campaign**. Did you know one **leading cause of fires** in the County is **improperly discarded smoking materials**? So far in 2019, there have been **eight fires** caused by improperly discarded smoking materials! Monetary damages for the eight fires is **approximately \$894,963**.

All eight fires were totally preventable! Spring Into Safety and **"Sink It or Soak It!"**

Protecting Your Trees from EAB

While the trees are waking up from dormancy in the spring, the tiny **emerald ash borer (EAB) beetles** are beginning to emerge, primed to create a **new generation of tree-killers**. Spring is the perfect time, right after the trees have leafed out, to **protect any ash trees** that are of value while the beetles are out and flying.

There are **several options available** to help protect the remaining ash trees from emerald ash borer. **Pesticides are recommended** for individual yard or street trees which still have **30 to 50 percent of their canopy intact**. Trees that are dead or dying will not respond to treatment of any kind. Depending on the

pesticide, it **may need to be applied every year**, up to every three years. Whatever pesticide is used, **always follow the label directions**. [Read more...](#)
