Success and challenges faced in 2019 by your agency related to crime in your jurisdiction.

With the support of our community, the Fairfax County Police Department continued to drive down crime rates through education, prevention, and enforcement efforts. The Department has also seen great success through our partnerships which provide evidence based alternatives to incarceration for people with mental illness through Diversion First; utilizing the Veterans Treatment Docket; providing restorative justice principles for juvenile offenders through the Alternative Accountability Program; and supporting Drug Court program for criminal defendants who struggle with substance abuse.
