The County's share of SEOs will be funded from the \$93,000 that had been earmarked for Virginia Municipal League (VML) dues, with the other half funded by the School Division. 2. Information on the FY 2005 revenue and economic outlook should be forwarded to the Board for discussion in late 2003 so that guidance to the County Executive regarding the tax rate as well as the transfer to the Schools can be provided by the Board.

3. The available balances materializing at the Carryover and Third Quarter Reviews which are not required to support County expenditures of a critical nature or to address the Board's Policy on the Revenue Stabilization fund should be held in reserve to offset future requirement.
4. In order to eliminate structural imbalances between County resources and requirements, resources should be allocated with consideration for the continued availability of these funds:
 - Non-recurring funds will be directed toward non-recurring uses.
 - Only recurring resources may be targeted toward recurring expenses.
